

# From Passion To Profession

## Working With Us In Eastern Saxony / Germany

### Who we are

We are a modern, well-equipped hospital network with local hospitals in three cities around the Eastern Saxonian Area. As a municipal provider for health services, we guarantee modern medical care in our hospitals. We offer best conditions in payment, wellness and health service for our employees as well as an open communication and corporate culture. Integrated further education and training, all types of education and school, nice accomodation in a beautiful landscape are special features, and sporting activities may be an enrichment for you and your family.

### Why seeking you

We are looking for persons, who are full of commitment, communication, cooperation and concern. If you like working with dedication, passion and empathy for the humans, you will be right here. In our hospitals, we have a mixed staff from Poland, Czech Republic, Eastern European States as well as Germans working interdisciplinary, interculturally and interactionally together.
